# Chapter President

Hello Fellow Chapter Members!

I am so happy to announce that we are finally able to work on plans to bring together this amazing community of professionals for an in-person event. More on this to come over the coming months as we are targeting October for our flagship annual Professional Development Day this year.

Our monthly meetings will continue to be hosted online for now, with the team taking a break during the month of August. There has been solid turnout from our membership and we are happy to see that you continue to get value from those sessions.

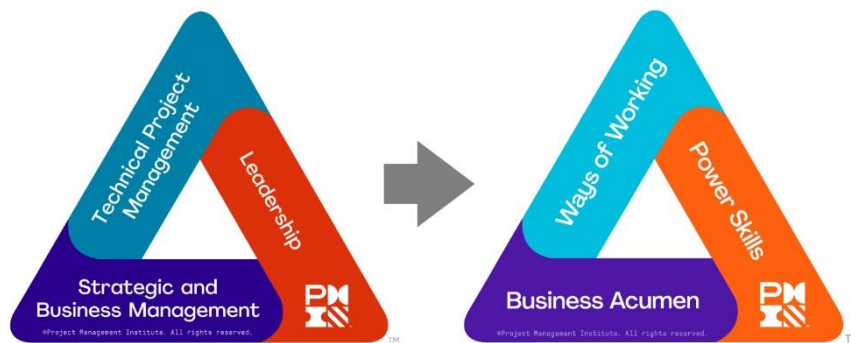

PMI headquarters is also ready to get people together again with the PMI Global Summit 2022 in Las Vegas at the end of this year. This event is the rebranding and restructuring of what was previously PMI World. Please refer to the Events page of this newsletter for details.

We look forward to seeing more of you all, and more frequently, now that we are able to comfortably meet in person. It has been too long, and you have been missed!

**Sincerely,**  
Pam Naicker

# NEW @ PMI

## The PMI Talent Triangle® is Evolving

Since the introduction of the Talent Triangle, PMI has evolved. In addition to a new brand, PMI has embraced a wide variety of approaches and skillsets, and has adopted a new strategic focus for creating 10x impact and driving change. At the same time, the world has seen dramatic changes in ways of working and delivering results.

To help project professionals navigate this changing world of work and embrace smarter ways of working, we've made the following changes:

- The Technical Project Management side will be replaced with “Ways of Working”
- The Strategic and Business Management side will be replaced with “Business Acumen”
- The Leadership side will be replaced with “Power Skills”

### Ways of Working

Where **Technical Project Management** might have felt limiting to people who do not consider themselves project managers, **Ways of Working** makes it clear that there is more than one way that work gets done today.

- Think of this category as mastering diverse and creative ways to get any job done
- We encourage understanding and adopting many ways of working so we can quickly shift approaches as new challenges arise, to apply the right solutions, at the right time

### Business Acumen

Professionals with **Business Acumen** understand the macro and micro influences in their organization and industry and have the function-specific or domain-specific knowledge to make good decisions.

Professionals at all levels—not just managers—need to be able to cultivate effective decision-making and understand how their projects align with the big picture of broader organizational strategy and global trends.

- Think of Business Acumen as understanding and considering many factors of influence across an organization or industry to make efficient, effective decisions.
- This can be achieved through experience, training, courses, certifications, or self-guided learning.

# PROJECT OF THE YEAR

## NOMINATE YOUR AMAZING PROJECT...

### 2022 PMI NORTH SASKATCHEWAN CHAPTER PROJECT OF THE YEAR IS OPEN

It's back! The Project Management Institute – North Saskatchewan Chapter is excited to hear all about your project as a potential 2022 Project of the Year.

Each year, the Project Management Institute – North Saskatchewan Chapter (PMI-NSC) presents an award for Project of the Year to the Project Manager(s) whose projects demonstrate excellence in the areas of project management, as well as those that display leadership and innovation.

### HOW CAN I LEARN MORE ABOUT 2022 POY?

- Please see the PMI-NSC website link for more information: [Project of the Year Award | PMI North Saskatchewan Chapter](#)
- Note that the deadline to submit projects will be **extended past April 1, 2022 – exact date TBD**
- The volunteer team has reaching out to networks and contacts in our community to share POY information and to encourage you to submit your projects!
- Be on the lookout for POY posts on our social media pages and please like, share, comment, and tag!

**Reminder!**🔔 Excellence in project management is not only found in large scope, billion-dollar projects – it can show itself in any project. We want to celebrate the people and projects in our community, so we ask you to consider how excellence was shown in your projects that fit the submission criteria and please.... send them in!

Contact Amanda Dahl, Director Outreach for more information at [outreach@pminorthsask.com](mailto:outreach@pminorthsask.com).

# NEW VOLUNTEER HIGHLIGHT

## NICOLE BARRINGTON

### CURRENT POSITION WITH PMI:

Director of Professional Development Events, reporting to VP of PD.

### CURRENT ROLE:

Computer Science Student at the U of S

### ACADEMIC AND PROFESSIONAL CREDENTIALS:

Bachelor Degree in Computer Science, CAPM

### PMI MEMBER SINCE:

2020

### DOMAIN / INDUSTRY KNOWLEDGE:

Project Management – Computer Science and Tech

### TESTIMONIAL:

When I started my second degree in computer science, I couldn't have predicted the path I would end up on. In 2020, when I began my professional internship at Federated Co-operatives Limited, I quickly found a natural fit in the project management world. As a former radio DJ, teaching assistant, and tech support worker, I didn't realize my eclectic skill set could've been more relevant. I've always been someone who needs variety to thrive, and the bridge between the tech world and business world offers plenty of variety. I joined PMI in 2020 and decided to pursue the CAPM certification, with the encouragement of my mentor Pam Naicker, which I recently received. I hope to qualify to take the PMP exam eventually. I'm currently a computer science student at the University of Saskatchewan, mother of 3 (including twin infants), and the director of this year's Professional Development Day.

# MEMBER EVENTS

## 1. July Luncheon: Innovation Models & How to Think Through Them - July 19

We are excited to have Mike Stefaniuk, Director of Business Development (IoT and Digital Transformer) with SaskTel speak at our July luncheon event. Mike will be providing an overview and definition of different models of innovation and the implications of each. From there, different approaches for working with and thinking through these models will be explored to give attendees a framework for working on the different types of innovation. [Event info.](#)

## 2. Free In Person Member Event: Member networking event – July 21

Mark your calendars and plan to join us on July 21st for an in person networking event at Hudsons Taphouse! Meet your fellow members, volunteers and board members while expanding your professional network. We will start at 7pm and it will be an informal come and go event. Registration is not mandatory but if you are interested, please let us know by emailing [media@pminorthsask.com](mailto:media@pminorthsask.com) so we can have a rough idea of numbers. [Event info.](#)

## 1. 2022 PMI Jobs Report

After two years of pivots and resets, organizations are settling into the new ways of working and delivering innovative solutions. As the world rebuilds and reinvents, there is historic investment in infrastructure, healthcare, mobility, digital transformation and renewable energy projects. Yet as the pandemic persists, so does uncertainty in the global economy. The International Monetary Fund (IMF) is projecting 4.9 percent economic growth in 2022 - still trending upward, but a dip from the 5.9 percent expected to cap 2021. How might all that impact your career? Explore a region-by-region deep dive into the hot sectors and emerging trends driving demand for project leaders around the world. [Learn more.](#)

## 2. CEO Corner

Community is at the heart of PMI and we are committed to sharing thoughts and insights on various products, services and hot topics that impact you. [Read more here.](#)

## 3. The PMI Talent Triangle is Evolving

In our changing world, project professionals must be more nimble and resourceful than ever to keep pace and create impact. PMI has always been committed to empowering project professionals to develop a robust set of skills, but project professionals now need a skillset inclusive of different disciplines and practices, as well as other in-demand skills. To help project professionals navigate this changing world of work and embrace smarter ways of working, **we've updated the sides of the PMI Talent Triangle** to now focus on

**Ways of working:** formerly Technical Project Management

**Power Skills:** formerly Leadership

**Business Acumen:** formerly Strategic and Business Management

# VOLUNTEER OPPORTUNITIES

**Want to get involved? We are currently looking for Directors and Board Members!**

Board Members and Directors provide important support for the Chapter.

## **What's involved in being a volunteer?**

Build relationships with members and volunteers through effective stakeholder communications:

- Attend all Chapter events, when possible, such as AGM, dinner, and lunch meetings.
- Ensure timely payment to the vendors and service providers they engage.
- Adhere to Chapter policies and bylaws.
- Transition to their successor at the end of term for their position.

Board Member responsibilities:

- Chair the Portfolio Committee, enabling it to work harmoniously and decisively together with all members.
- Participate in regular meetings and other business of the Chapter.
- Comply with the Chapters policies and practices.

Director responsibilities:

- Build good relationships with members and volunteers through effective stakeholder communication.
- Report to Board Member responsible prior to monthly Board and Director meeting.
- Manage initiatives specific to the Directorship position.
- Provide feedback to President-Elect for improvements to the roles and responsibilities.

## **VP of Professional Development**

Accountable for the needs assessment, development, implementation and evaluation of professional development products and services relating to project management, that contribute to the achievement of the Chapter's long-term strategy and sustainability.

[More about the VP of PD role](#)

## **Event Administrator**

Responsible for managing attendance at Chapter events.
