# Chapter President

Dear Members of the PMI North Saskatchewan Chapter,

As we wrap up the third quarter of 2024, I'd like to take a moment to reflect on some of the great events we've shared and look ahead to what's coming up this fall.

First, I want to extend a heartfelt thank you to everyone who attended our Summer Member Appreciation Networking Night at Prairie Machine / Rokion on July 23rd. The evening was a resounding success! The food was fantastic, and the tour was both informative and engaging. A special thanks to Tyler Gesy and the Prairie Machine team for hosting us and providing such an insightful look into their operations.

Now, as we look ahead to our Fall Professional Development Day (PDD) on October 24th at the Prairieland Convention Center, we're excited to offer a full-day conference packed with value. Attendees will enjoy breakfast, lunch, and refreshments throughout the day, alongside excellent sessions led by industry experts. One of our key goals this year was to surpass last year's registration numbers, and we need **YOU** to help us reach that target. Please support the chapter by joining us for this signature event—it promises to be a great day of learning and networking.

We are also seeking volunteers to help on the day of the PDD. If you're interested, not only will you contribute to the success of the event, but you'll also receive a reduced registration fee. It's a win-win! For more details and to register, visit: <https://www.pminorthsask.com/fall-pdd> or reach out to [president@pminorthsask.com](mailto:president@pminorthsask.com)

Lastly, a quick reminder that our Annual General Meeting (AGM) will be held in December. We are looking to fill open positions on the 2025 Board of Directors, and I encourage anyone interested in shaping the future of our chapter to reach out. I'd love to chat more about how you can get involved.

Thank you for your ongoing support of the PMI North Saskatchewan Chapter. I wish you all an enjoyable and productive fall season, and I look forward to seeing many of you at the PDD and other upcoming events!

Warm regards,

Joel Goy, PMP, P.Eng
