CHAPTER PRESIDENT

Dear Members,

I hope this message finds you well and you are enjoying the brighter days of summer. As we continue to grow and evolve as a chapter, I'm pleased to share a few important highlights and express my heartfelt gratitude to each of you.

First, I'm thrilled to announce that our membership has now grown to over **600 members** — that's a **75% increase** from our numbers during the challenging COVID years. This milestone is a true reflection of the commitment, engagement, and energy of our professional community and wonderful team of volunteers. On behalf of the entire board, thank you for your ongoing support.

Another exciting development has been the launch of our **Mentorship Program**. We've already seen **three mentor-mentee pairs** successfully complete the pilot phase, and the feedback has been overwhelmingly positive. Both mentors and mentees found the experience valuable in fostering growth, building networks, and sharing real-world knowledge. If you're interested in becoming a mentor or mentee, I encourage you to visit our website and register — we would love to see more of you participate in this rewarding initiative. <https://www.pminorthsask.com/mentorship>

We also hosted our **Spring Virtual Professional Development Day (PDD)** in collaboration with other PMI chapters, which drew around **50 attendees** from our chapter and proved to be a great success. The level of engagement and discussion from our members was inspiring, and we look forward to offering even more enriching events in the future.

Lastly, I'm excited to share that **nominations for our "Project of the Year" award** are now open. This is a wonderful opportunity to showcase the outstanding project work happening across our region. I encourage you to submit a nomination through our website and help us recognise excellence in project management. <https://www.pminorthsask.com/project-of-the-year-award>

As always, thank you for being part of our growing and vibrant chapter. Your involvement is what keeps our community thriving.

Warm regards,

Rohan Suresh, MBA, PMP

President, PMI North Saskatchewan
